

Songs of the Goddess

By Lesley Crossingham
SONG BOOK

Songs of the Goddess is a compendium of traditional Native American Indian songs, dedicated to the feminine spirits of air, earth and water and Celtic traditional songs dedicated to the many faces of the Goddess. I have included the Goddess Chant and encourage you to sing it every morning to align your soul with the inner Goddess, your true and eternal self—

LET THE GODDESS COME

The green earth is her velvet cloak
The wind her soft sweet breathe
Shining candles dance in her eyes
She lifts the mists of Avalon

Let the goddess come...let the goddess
come
By the earth which is her body
By the air this is her breathe
By the fire of her bright spirit
By the waters, they are her blood

Let the goddess come...let the goddess
come

By the earth, the future and the past
By the air from the first to the last
By the moon-flow of her blood
By the calm and by the flood

come

She is mother, maiden, crone,
She is lamb and she is wolf
She is dancing in the twilight,
She rides the rising moon.

WALKING GENTLY WALKING

•

Walking, gently walking
Precious mother under me,
With each step I am thankful precious mother, to be
Blessed by your love & grace, my heart is free,
Walking, gently walking, precious mother with thee

Brother hawk is flying,
Soaring high now over me
Messenger of wisdom, open my heart, set me free
Spirit has given the strength I did need
Filled with sacred power
Thank you mother under me, precious mother under me

In the stillness of the dreamtime, you sent your sign unto me
And the words you have planted, I will nurture, they will be,
Born of the highest truth, I will stand free., walking in your power
Precious mother under me, oh grandmother under me.

May I sing forth from the centre of your breath that flows through me,
I will be the hollow bone, you ask for me to be,
Love flow to every soul, that all may be free, and feel the healing power
From the mother let it be, oh grand mother let it be.

Songs of the Goddess

ANCIENT MOTHER

Ancient Mother we hear you calling
Ancient Mother we hear your song
Ancient mother, we feel your laughter,
Ancient mother, we taste your tears

Sounds of laughter, of children playing,
The whispering wind, sings in the pines,
Overhead the snow goose are calling,
Beneath our feet...grass, soft and green.

Oh great Goddess you are our lady
Oh great goddess you are everywhere
Oh great goddess shine your light on us
Oh great goddess open our hearts.

Oh Mother bear sleeping in the hollow
White hawk flying high in the sky
Come circle around, that sacred mountain
Join your hands together, lift voices high

Father Sun, kiss us with your light,
Grandmother Moon, help us be wise
Mother Earth, wrap us in your rainbow blanket
Sister River, come quench our thirst.

Oh great Goddess you are our lady
Oh great goddess you are everywhere
Oh great goddess shine your light on us
Oh great goddess return to our hearts.

WHIRL WIND

Spirit wind, spirit wind....dance around me whirl
wind

Whirl wind, whirl wind....spin around me heart
wind

Carry me where I may go, sing to me what I must
know

Carry me across the earth and sing a song of our
rebirth

Earth wind, desert wind, dance around me whirl
wind

Whirl wind, whirl wind, spin around me ocean
wind

Lift me up where I must go, sing to me what I must
know,

Carry me across the earth and sing a song of our
rebirth.

Star wind, star wind....dance with me now, star
wind,

Whirl wind, whirl wind...spin in my heart, sweet
whirl wind

Fly me up where I must go, speak to me what I
must know

Light my heart with stars of joy and sing a song of
our return.

Sun wind, sun wind....cradle me in the light of the
sun wind

Whirlwind whirlwind, warm my soul, sweet whirl-
wind

Kiss my heart with golden light, brush my eyes with
starshine

! Return me to the light of truth, and sing a song of
my origin

Songs of the Goddess

WE ARE ONE WITH THE GODDESS

We are one with the Goddess,
Her face is everywhere
Like a little drop dancing in the rainbow
All of the colours unite in her love

She dances on the soft blue oceans
She rides the wind through the forest
She rolls through the flowers in the deep green
meadows
Her Smile is shining in every flower

We are one with Goddess
Her hear her song everywhere
Like a soft white cloud swimming in the blueness
All of her children are embraced by her love

Come dance with her in the new born lamb
Come sing with her in the robin's song
Come fly with her and tumbling hawks
She swims with the fishes in the babbling brook

For we are one with the goddess
We see her face in our own
She sings her song in every open heart
For she the truth of eternity

.

ROSE GARDEN

You are the rose in the garden of love
Open your heart to the light from above
Within your soul is the holy grail of the goddess
Open your heart to the truth, for you are the
light,
..... yes you are the light

No matter how far you have wondered astray
The goddess returns to light up the way,
..The way back home

For you are the rose of eternal truth
You are the voice of the goddess within
Share your light for that is your destiny
The goddess has never left you, for she is within

The garden of love is awaiting your presence
A home of love is just a heartbeat away, and
you've always known this.

For you are the rose in the garden of love
Your heart is open to the light from above
Your heart is filled with the holy grail of the god-
dess
For your soul shines with the truth, for you are
the light,
Yes you are the light, of the garden.

CIRCLE

May the Circle be Open

May it be...

But unbroken,

May the peace of the Goddess

May it be..... ever in your heart

Merry meet, and Merry Part

And Merry meet again.

May the circle be open

Yet unbroken,

May the love of the goddess....sing sweetly in
your heart,

Merry meet, and merry part, and merry meet
again

May the circle be open

And unbroken

May the light of the goddess...shine bright in
your soul

Merry meet, and merry part, and merry meet
again

May the circle be eternal

Bright and burning

May the joy of the goddess...echo in our
World

Merry meet...and merry part...and merry
meet again

And merry meet, merry meet, merry meet
again.....

Songs of the Goddess Song Book

The Songs of the Goddess are a compilation of beautiful melodies and chants that engage and encourage the Sacred Feminine within each of us, male and female, to awaken into full consciousness.

The beautiful Rose Garden Chant came to me, many years ago, as a healing song for those women who have had a journey of abuse, betrayal, disloyalty and, in some cases, violent experiences in this world.

The song asks us to remember that no matter what seems to happen to us, we are still the pure and fragrant rose in the Garden of Love. I encour-

age everyone to sing or chant it when ever you begin to doubt this.

The Goddess Chant is a beautiful, and powerful incantation to help us align with our own inner Goddess. We can only do this when we step into feminine qualities. By this I mean gratitude, love, gentleness, nurturing, and softness. This is not weakness, but the greatest strength.

This chant, when sung every morning, allows us to align with this eternal truth — this truth that has never left us, and manifest the expression

of awakened sacred femininity in all our action, and interactions every single day.

Sing this chant in the shower, whilst you are brushing your hair, or driving on your way to work, through the traffic and the pressure of our daily lives. It is particularly powerful sung first thing in the morning.

The other songs align us with the power and love of the Goddess, who is indeed, Everywhere!!!

Blessed Be,
Lesley
